

**REMARKS**

During a telephone conversation with the Examiner on October 27, 2008, it was suggested by the Examiner that if the last phrase of each independent claim were amended to read "wherein said left and right widths of said left and right portions solely prevent foam from entering the cavity during pouring of the foam", all claims would be allowable. This suggestion has been repeated in the Office Action mailed October 31, 2008, and the suggested amendment has been made herein.

The Examiner also indicated, during the aforementioned telephone conversation, that upon making these amendments, the withdrawn claims 9-11 could be rejoined. Such is therefore requested.

As a result, claims 1-20 are in condition for allowance and the issuance of a formal Notice of Allowance is respectfully requested.

Respectfully submitted,

---
